Minutes of the Meeting-01

An Institution–Industry Cell (IIC) meeting was held on 06 February 2026 at 3:00 PM in the Director’s Office, Jhadeswar Engineering College, to discuss and plan key industry interaction and student development activities for the effective implementation of IIC initiatives. The meeting was conducted by the IIC Coordinator under the guidance of the Director.

Date: 06 February 2026

Time: 3:00 PM

Venue: Director’s Office

Proceedings of the Meeting

The meeting began with the discussion on the need for establishing a strong Institution–Industry Cell. The roles, responsibilities, and objectives of the cell were outlined and accepted by all members.

1. Industry Collaboration Initiatives

It was proposed to identify nearby and relevant industries for initial collaboration. The committee decided to approach industries for signing MoUs to support internships, training, and collaborative activities.

2. Internships & Industrial Exposure

The members discussed in detail the importance of providing practical exposure to students to complement their theoretical learning. Emphasis was laid on the need to enhance industry readiness through structured internship programs and real-time industrial experience. It was resolved that committee will actively identify and collaborate with relevant industries to facilitate internship opportunities for students. Additionally, a systematic plan will be prepared to organize industrial visits in the upcoming semester, enabling students to gain firsthand exposure to industrial processes, technologies, and work environments.

3. Guest Lectures & Skill Development Programs

The committee emphasized the need to bridge the gap between academic learning and industry requirements through expert interactions and focused training initiatives. It was agreed to organize regular guest lectures and workshops by experienced industry professionals to expose students to current trends, technologies, and real-world challenges. In addition, the committee resolved to strengthen skill development initiatives aimed at enhancing student employability.
